Execution Quality Summary Statement for 2018

Purpose

The Execution Quality Summary Statement (hereinafter the EQSS or the Statement) is a statement that KEY WAY INVESTMENTS (hereinafter, the “Company”), an Investment Firm authorised and regulated by the Cyprus Securities and Exchange Commission with License Number 292/16, is required to disclose to its clients under Regulation EU 2017/576 of 8 June 2016 supplementing Directive 2014/65/EU of the European Parliament and of the Council with regard to regulatory technical standards for the annual publication by investment firms of information on the identity of execution venues and on the quality of execution.

The EQSS is a summary of the analysis and conclusions the Company drew from its detailed monitoring of the quality of execution obtained on the execution venues where it executed all client orders during the year 2018, covering a full year cycle (hereinafter, the “Year Under Review”).

The Company urges its clients and/or potential clients to read the Statement carefully as it contains information on how the Company executes orders to various execution venues when operating under the STP model in relation to the Asset Class of CFDs.

The EQSS along with the accompanying tables will remain on the Company’s website for two years at least post its publication.

Relative Importance of Execution Factors during the Year Under Review

The Company when executing Clients’ Orders is required under the relevant regulatory framework to assign a relative importance on the following execution factors:

- a) Price;
- b) Cost;
- c) Speed of Execution;
- d) Likelihood of execution;
- e) Likelihood of settlement;
- f) Size of order;
- g) Market Impact; and

h) Nature of order.

For details on how each factor is assessed ex ante when executing clients' orders please refer to the Company's Best Interest and Order Execution Summary Policy. During the year under review the Company offered services to the following categories of clients:

i. Retail Clients

For these clients, the Company by virtue of the applicable regulatory framework is required to provide best execution in accordance with total consideration whereby total consideration represents the price of the Financial Instrument and the costs related to execution, which include all expenses incurred by the client which directly related to the execution of the Order, including execution venue fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order, as applicable.

ii. Professional Clients (including per-se Professional and elective Professionals)

For these clients during the year under review the Company placed emphasis on price and execution costs aligning its execution arrangements for these clients as those applicable to Retail Clients (see point i. above).

There are no any close links, conflicts of interests or common ownerships with respect to any execution venues used to execute orders.

The Company lists (non-exhaustive) the possible conflicts of interest it is facing (inclusive of conflicts of interest in relation to the execution venues it uses) as well as the relative mitigation measures in its Conflicts of Interest Summary Policy.

Payments or non-monetary benefits (made or received) to/by Execution Venues

During the year under review, the Company generates its revenues from Commissions/spreads paid by its Clients upon initiating a trading order. The Company's costs and charges are listed here.

Tools and Data used during the Year under Review.

The Company during the Year under Review deployed a number of methodologies and tools in order to monitor, and where applicable adjust, its execution parameters in order to ensure consistency with its overarching obligation to offer the best possible result for its clients' orders. In broad terms the Company monitors on an ongoing basis its execution arrangements by selecting appropriate samples of orders executed and evaluates the samples in accordance to the following dimensions:

- a) Evaluating the Company's execution venues in accordance to the following:
 - Pricing Frequency (price updates in real time);
 - Speed of execution;
 - Frequency and duration of price freezing;
 - Depth of liquidity;
 - Pricing transparency;
 - Slippage frequency etc.
- b) Price Fairness by comparing independent prices relayed by independent market data providers with the prices quoted by its execution venues, as well as comparing prices

between execution venues not listed in the company's execution venues list. For this purpose, the Company has subscribed to independent price aggregators (such as Bloomberg, Thompson Reuters, etc.).

- c) Technological prowess of Company systems (responsiveness of interface, lag, integration with the IT systems of the execution venues etc.).

Reviews of Execution Monitoring - Control Functions

The Company's brokerage department produces reports on a daily basis with the evaluation process described above (please refer to Section 6) and if actions are required liaise with the Company's senior management for next steps.

The Company's control functions (Compliance and Internal Audit) scrutinise the monitoring procedure conducted by the brokerage department and the actions taken by the Company's senior management. The Company's control functions present their findings to the Company's Board of Directors at least annually, for further scrutiny and actions.
